ELECTRIC GPT DISPENSER

MACHINE FEATURES

The ideal solution for reliable carton sealing in fast-paced environments:

- With a 2.1L water bottle capacity, the LP1 has the largest water capacity of all leading electric dispensers.
- Combined with reliable components results in a low maintenance dispenser that guarantees performance.
- Capable of producing over 66 metres of tape per minute, it has the biggest cut paper length range available (13-300cm) meaning you can seal every box size quickly and consistently.
- Extremely low operating noise and key safety features including an interlock switch that disables the cutting mechanism when the cover is opened, keeps operators safe whilst in use.
- With a reduced footprint, the LP1 is now one of the most compact machines available, minimising the impact on your packing space.
